

### **Protect Our Water**

The Cass County Road Commission is committed to keeping our lakes, creeks, rivers and Lake Michigan healthy and clean.

Find out more about [watersheds](#), [what you can do to protect water resources](#).

### **Be sure to Report Illicit Discharges!**

To protect the quality of our streams and public health, please report sources of pollution you witness in our community, such as the dumping of waste, oil or other vehicle fluids or if you see suspicious pipes leading to ditches or streams. You can do this anonymously by calling the Pollution Emergency Alerting System (PEAS) hotline at (800) 292-4706 or the Cass County Road Commission at 269-445-8611

Find out more about the [Dowagiac River Watershed](#), the [St. Joseph River Watershed](#) and [Lake Michigan](#) (the 6th largest freshwater lake in the world!).
